Johnson Porcelano is a modern, minimalist interior design concept that is all about the view. The space is a large, open-plan living area with a high ceiling and a large, curved wall of floor-to-ceiling windows. The room is furnished with two modern, low-profile armchairs and a small, round coffee table. A large, dark, rectangular fireplace is built into the wall. The floor is made of light-colored wood. The view outside the windows is a lush green landscape with trees and a body of water. The overall atmosphere is one of calm and tranquility.
